BAKERY

All of our breads, pastries, cakes and cookies are made by with the highest quality ingredients.

Every day the ovens of our bakery are filled with sheets of hand-rolled croissants, muffins and cookies to create the day's supply of scratch-made pastries. But we don't stop there, from our kitchens we bake a variety of wheat-free pastry, press fresh organic juice, make our own almond milk, steep our chai and more.

COFFEE

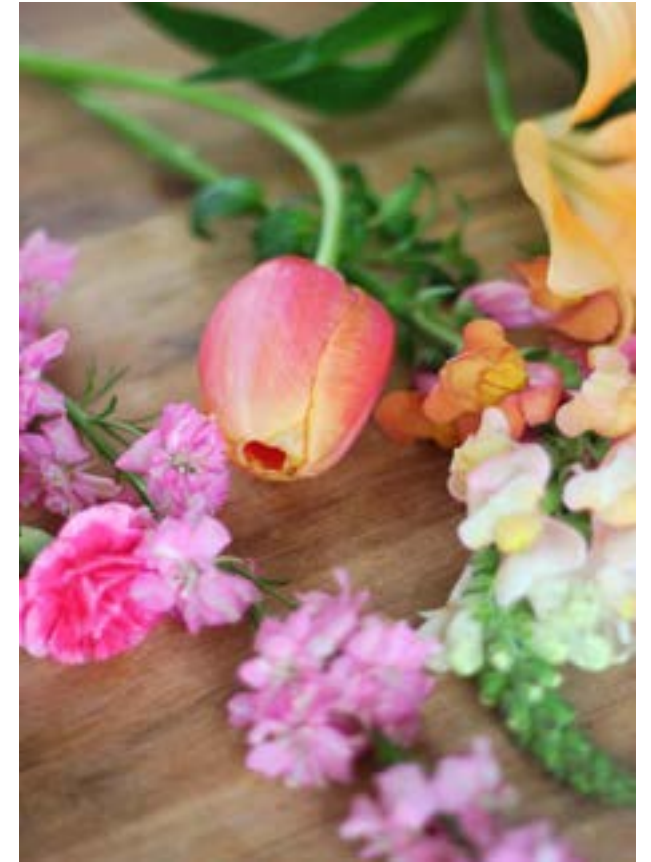

Every cup begins with our commitment to sustainability and responsible sourcing.

We are dedicated to the future of the coffee industry, coffee farming communities, and our upstream supply chain partners. From the stores we build to the products we serve, Lilies© guarantees that responsible sourcing is at the heart of every decision we make.

FLORAL

We pride ourselves in using unique seasonal flowers that you won't find anywhere else!

We like to steer away from generic flowers at our store. Instead, we source and curate groupings of unique seasonal flowers daily. At least 30% of our flowers are grown locally and organically by LA-based micro-growers. What this allows us to do is give each customers an arrangement full of whimsical and wonder without breaking the bank.
